

YES INSURANCE PET COVER

WELCOME...

to Yes Insurance Pet Cover

YOU MUST READ THIS DOCUMENT AND THE POLICY SCHEDULE WHICH FORM AN INTEGRAL PART OF THE POLICY, TO ENSURE THIS PRODUCT MEETS YOUR DEMANDS AND NEEDS.

We're delighted to welcome you and your pet to Yes Insurance Pet Cover. We know that pets aren't just animals, they are a part of the family.

Yes Insurance Pet Cover is an annual policy that meets the demands and needs to provide cover for veterinary treatment for injury or illness and other expenses associated with protecting your pet. The total cost for all conditions paid in one policy term cannot exceed the veterinary fee limit as stated in your Policy Schedule. Any amount over the limit will have to be paid by you for the remainder of the policy term. However, any illness or injury (including clinical signs) which happen before the policy starts will not be covered and will be considered as a pre-existing condition.

As this a 12-month contract if your cover is renewed your pet will benefit from continuous cover for the next policy term, including costs for recurring conditions, and the full veterinary fee limit chosen will be available again. If we are unable to offer you cover, we'll notify you in good time before your policy expiry so you can find alternative cover before your policy term ends.

It is important to note that the Policy Terms and Conditions can change over time and as Yes Insurance Pet Cover can provide cover for various conditions over the life of your pet, you must be able to afford to pay for your policy each year. The policy is likely to increase in price at renewal, based on the age of your pet, claims history and other costs, such as enhancements to cover and increases in the costs of veterinary treatment. You will also need to consider that excesses may change as your pet gets older.

For example: The cost of covering a pet (based on pricing inflation in 2022) can increase between 10% - 20% each year for pets up to 10 years old, although higher increases could apply. For older pets, the renewal price could rise by 35% or more.

WHAT DO I NEED TO DO NOW

1. Accessible Documents.

We can send your documents in several formats; for example, braille, large print or an MP3 audio file. If you require the documents to be in a different format, please get in touch with Yes Insurance's Support. They'll be more than happy to sort these for you, and you can find the contact details at the bottom of this page.

2. Check and read your documents carefully.

We want to make sure that this cover is right for you and your pet. Read your documents carefully and check that all the information you've provided is correct. It's important as if your pet has been injured or suffered from an illness or clinical sign(s) in the past, there is a chance that we'll be unable to pay your claim should you ever need to make one. If you have any questions about this, please contact us.

3. How you can help us.

We've created our pet cover by listening to pet owners. We want to understand your needs and take your suggestions on board. This lets us ensure that our products are honest, friendly, and easy to understand. FIRSTVET

As part of your policy, you can access unlimited advice from FirstVet directly on your mobile or computer. This service is completely free and doesn't affect your cover with us.

FirstVet is open 24 hours a day, 365 days a year.

Here are some of the things they may be able to help you with:

- Vomiting and diarrhoea
- Itching and skin problems
- Eye and ear problems
- Coughing and sneezing
- Poisoning

FirstVet can also give you advice for things not covered by your insurance; for example, preventative care. However, those appointments must be paid for by you. Please check your policy wording to find out if any recommended treatment by FirstVet is covered by your policy.

Important

If your pet is very sick or badly injured, you should always seek veterinary care immediately.

How it works

1. Download the app from <https://firstvet.com/uk/> and select 'Yes Insurance' when creating an account.
2. Register with the same email address, phone number and date of birth you use for your Yes Insurance policy.
3. Click 'My pets' – the section will be populated with your pet's details.
4. Make an appointment – select your pet, describe its symptoms and choose a time that suits you.
5. Enable notifications on your phone, to receive an alert when your vet starts the video call.
6. After the visit, a journal will be sent to you with the vet's advice and diagnosis. You'll also be sent a referral for treatment, if you need one.

EXPLAINING KEY TERMS OF YOUR POLICY

Lifetime Policy

It's important you understand what we mean by Lifetime. We know this can be quite confusing, which is why we want to explain exactly how our Lifetime Policy works.

This Lifetime Policy doesn't guarantee that we'll be able to provide cover for your pets' entire life.

Our Lifetime Policy is a 12-month annual contract which is subject to terms, conditions, and underwriting criteria. This 12-month period is known as the Policy Term. At the end of each policy term if we invite you to renew your cover and you decide to accept by continuing to pay your payment (either monthly or annually) the policy will be automatically renewed, unless you instruct us otherwise, and the veterinary fee limit chosen will be available again.

Occasionally, we may find as part of our annual review that we can't offer to cover your pet the following policy term. This can be for a variety of reasons as underwriting criteria and terms can change from time to time. If this ever happens, we'll be sure to notify you as soon as possible to give you time to find alternative cover before your policy term ends.

Pre-Existing Conditions

We do not cover any illness, behavioural illness, injury or accident that your pet had or showed clinical signs of having before the policy started.

This usually includes illnesses and injuries that can happen again or may appear in different parts of your pet's body.

For example, if your pet had an ear infection in the left ear before you took out your current policy, your insurance will not cover the cost of treatment for any future infections in either ear, regardless of whether you made a claim under a previous policy or if it's the other ear that never had the infection previously.

Condition

If your pet develops a condition in one part of their body that they've previously had in another part of their body, we'll class it as one condition.

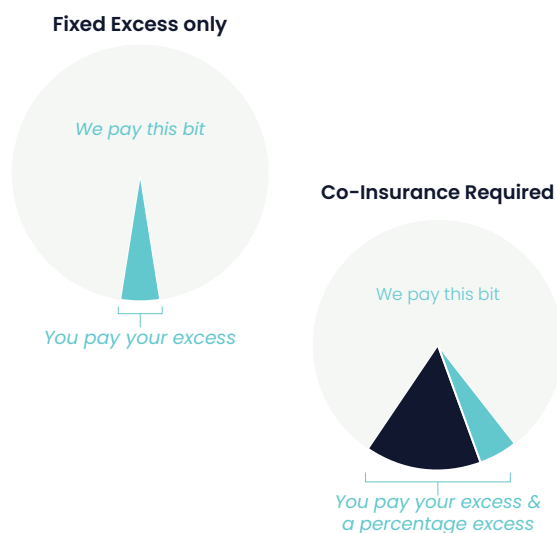

Your pet develops, for example, a lipoma (a fatty lump) on their right leg. You'll take your pet to the vet for treatment and make a claim on your policy. Your pet then develops another lipoma on their back 6 months later. You take your pet to the vet again and make another claim. We'll consider this all as one condition.

Using this example, it's important to mention that if your pet developed the initial lipoma before your policy started, we'd consider the second lipoma as a pre-existing condition.

EXPLAINING KEY TERMS OF YOUR POLICY

Fixed and Percentage Excess

The fixed excess payable are:

The fixed excess for veterinary fees of £110 is the amount that you'll need to pay in each policy term for each unrelated condition or incident, before we pay towards any claim.

There are other excesses payable for Third Party Liability, Holiday Cancellation, Emergency Expenses and Accidental Damage. The amounts payable are shown in your policy schedule.

For veterinary fees and complementary treatment If your pet is 6 years old or over, you'll also need to pay a 10% excess towards each claim, if your pet is aged 8 or over, you'll need to pay 20%. The percentage excess is calculated after your fixed excess has been deducted and is known as a co-insurance payment.

If a claim continues into a new policy term, then you will pay another fixed excess (and percentage excess if payable) if the treatment date is in the next policy term.

Please see an example below of how to calculate the amount you will need to pay in the event of a claim if both a fixed and percentage excess is payable.

Total cost of Treatment		£1,500
Minus the payable by you excess	£110	£1,390
10% (over 6 years) amount payable	10% of £1,390 = £139.00	£1,251.00
Total outstanding we pay		£1,251.00
Total Paid by You	£110 + £139 = £249.00	

Following your vets' instructions

It's important that whenever a vet provides you with advice, you follow it. We won't pay for any condition that could have been avoided by following a vets' instruction. For example, your pet is known to be a scavenger and your vet has advised you to avoid giving or leaving any rubber toys laying around the house. However, you continue to provide access to rubber toys and your pet ends up eating one and your pet needs it to be surgically removed. We wouldn't cover the surgery to remove the object, as it could have been prevented by you taking your vets' advice.

EXPLAINING KEY TERMS OF YOUR POLICY

Payment of premiums

Your pet is only covered if you keep your payments up to date.

If you pay for your policy monthly, payments will be collected by direct debit using the bank details that were provided by you when purchasing the policy. Payments will be collected as per the schedule in your policy documents. You must keep your payments up to date to ensure your pet is covered under the policy, even if you are in receipt of, or awaiting a claim payment.

If we cannot collect your payment on the first attempt, we will write to you to tell you when we will be attempting to collect the payment again. Should the payment attempt fail your policy will be scheduled for cancellation and we will write to you to inform you of this. Should the payment remain outstanding, your policy will be cancelled at the end of the month after the last successful payment was made.

If you decide to cancel your policy, please refer to 'Cancelling Your Policy' for full details.

Paying for the policy in full by credit card

Your pet is only covered if you keep your payments up to date.

If you pay for your annual cover in full by credit card every year, we will use the same details you provided to us in a previous policy term to collect the payment from you at renewal. You must keep your payments up to date to ensure your pet is covered under the policy, even if you are in receipt of, or awaiting a claim payment.

We will attempt to collect your payment on the day your renewal is due, this is to make sure there is no loss of cover. If we are unsuccessful in collecting your renewal payment we will write to you to let you know that we were unable to collect payment and renew your policy. If you fail to pay for your cover, your policy will not renew and there will be no cover from your renewal date.

If you decide to cancel your policy, please refer to the 'Cancelling Your Policy' Section for full details.

HOW DO I CLAIM

Claim considerations

In the event that a claim form is incomplete, this may be returned back to **you**. Also, if further claim documentation is required to both assess and process **your** claim, this may inevitably cause delays.

We will not pay any costs associated with a professional completing a claim form, postage and packaging, courier fees or other administration work.

We request that **you** send any claim form to **us** as soon as possible.

Paying a claim to your vet

If **we** agree to pay a claim directly to **your vet** and if the **vet**, who has provided **treatment** to **your pet** or is about to **treat your pet**, asks for information about **your** insurance that relates to a claim, **we** will tell the **vet**:

- What the insurance covers,
- What **we** will pay and how this will be calculated,
- What **we** will not pay, and
- If **your payments** are paid up to date.

If **we** receive a request to pay a claim directly to a veterinary practice, **we** reserve the right to decline this request.

CONTRACT OF INSURANCE

What happens at renewal?

The benefits of this policy are reinstated each **policy term**, subject to renewal being invited and **you** paying for **your** policy, which confirms **your** acceptance of the terms offered.

It is important to note that these Policy Terms and Conditions can change over time. The price **you** pay considers factors such as **your pet's** age, claims history and **our** view of the future costs of providing cover.

The cost of cover can change at each renewal **we** will recalculate the cost of cover and contact **you** with a quote. There are a number of factors that can impact **your** renewal, including the age of **your pet** and the increasing cost of **veterinary treatment**. **We** may also consider the amount claimed and the likelihood a **condition** will be ongoing when calculating **your** renewal. This will mean that the premium **you** pay will increase at renewal.

If **you** find **you** are in financial difficulties during the **policy term**, please do contact Yes Insurance at support@yesinsurances.co.uk so that **we** can see how **we** can help **you** and **your pet**.

Each year, an annual review of **your** policy will be completed, based on the information **we** hold for both **you** and **your pet**. The renewal invitation is offered using the information held at the time it was issued. **We** can revise or withdraw renewal terms offered if new information is brought to **our** attention, even after **your** renewal invitation has been issued.

What changes can be made at the renewal of your policy?

At renewal, **we** can change:

- The price **you** pay, also known as the premium, and/or
- **Excesses** that **you** pay, and/or
- Policy Terms and Conditions, or
- Decline to offer a renewal invitation for the next **policy term**.

For dogs, if there has been a change in their behaviour, **we** have the right to:

- Limit or remove cover for Third Party Liability,
- Cancel **your** policy, and/or
- Advise **we** are unable to offer renewal terms.
-

For example (but not limited to): any **aggressive tendencies** and/or **aggressive behaviour** shown, any **incidents** where **your** dog has caused **injury** to a person or another animal, or any health **conditions** which could affect how **your** dog behaves.

Yes Insurance will always tell **you** before **your** renewal date of any changes, so **you** can consider if **your** policy still meets **your** needs or seek alternative cover elsewhere.

At renewal **you** can change the level of cover that **you** have for **your pet**, but this can only be changed to a lower level of cover. Once the cover level has changed this can't be changed back to any higher level of cover available.
